

## SafeChoice Special Care

### Product Purpose:

SafeChoice Special Care is specially designed for horses that are prone to metabolic issues related to starch intake, and is formulated at just 11% starch. If you're looking to avoid corn in your horse's feed, SafeChoice Special Care is the perfect choice. It's also ideal for easy keepers, ponies, and miniature horses

### Product Features:

- Formulated **without corn or corn co-products**
- **Ideal blend of nutrients** offers controlled starch and fat levels for a balanced source of energy
- **Guaranteed amino acid levels** to support muscle maintenance and development
- **Added prebiotics and probiotics** to aid in digestion
- **Organic trace minerals** for improved immune support and skin/coat/hoof health
- **Guaranteed levels of biotin** to support muscle, hair coat and hoof development
